

Training & Qualifications

AVM create

All our staff undergo rigorous inductions, ensure they understand the companies standards, policies and safe working practices. We have a keen eye for detail, and we expect all staff, at all levels, to uphold our values.

All new starters are paired with more senior staff to ensure they receive adequate supervised experience.

Our staff undergo off site professional training, such as:

- First aid courses
- Ipaf (powered access license)
- BS7909 (temporary electrical installations)
- Manual handling
- Van training
- Health & safety at work
